# Xerox® Integrated Colour Server for the Xerox® Colour C60/C70 Printer

Great Value and Seamless Integration

With the Xerox® Integrated Colour Server that comes standard with your C60/C70 Printer, you can count on world-class colour and superior high-end office workflows so you can do what you do best. For high-end office applications, you will be delighted with unrivalled simplicity, productivity and reliability – all this and great value, too!

- Flexibility to create a wider range of applications. Expansive media range – print everything from postcards to posters. Inline finishing options offer a professional polish with stapling, hole-punching and folding for presentations, brochures, reports and newsletters.

- Xerox® Mobile Print. Now printing can be simple, convenient and secure from any email-enabled device, such as a smartphone, iPad® or other tablet. An ideal option for any business with a mobile workforce looking for more flexible printing options.

- Customise your print driver settings for economy and efficiency. For example, adjust settings for specific applications, such as always printing emails in black and white.

- Scan, print, copy, fax and route files – all at once. Concurrent operations maximise productivity, letting multiple users perform different tasks simultaneously.

- Superior scanning. Easily share files or introduce electronic archiving with powerful scan capabilities. Create text-searchable files at the device for easy retrieval. Compression technology reduces network load to enable fast transmission.

- Automate everyday work. Create job flow sheets to automatically route documents to predefined locations, including email addresses, fax destinations and FTP/SMB sites.

- Remotely manage the device. CentreWare® IS Embedded Web Server automates installation, troubleshooting, feature setup and upgrading.

- Manage and track device usage. Internal Auditron sets limits of device features for analysis and billing purposes. Xerox® Standard Accounting provides reports for greater cost control of all device functions.

- Easy, accurate billing and supplies replenishment. Automated Meter Reading (AMR) collects and submits meter reads and Automatic Supplies Replenishment (ASR) enables automatic ordering of toner to save time.*

* ASR support is subject to local system compatibility and enablement, please contact your local Xerox support team for details or check our capability matrix at http://www.xerox.co.uk/about-xerox/account-management/smart-meter/engb.html

Xerox® Integrated Colour Server

Hardware Specifications

- Hard Drive: 320 GB Hard Disk Drive
- Processor: 993 MHz
- Memory: 4 GB RAM
- OS Platform: VxWorks
- 10.4-inch colour touch screen flat panel display
- 10/100/1000MBT/sec standard

Print Features

- Automatic two-sided
- Secure print
- Delay print
- Sample set
- Booklet creation
- Cover selection
- Paper selection by attribute
- N-up
- Watermarks
- Banner sheets
- Fit to new paper size
- Output tray selection
- Standard USB
- Colour shift slider bars

Fax

- Optional Walkup PSTN fax (one-line and three-line options) with Internet fax
- Fax over IP (T.38) Kit
- Network Server Fax Enablement Kit features:
  - LAN Fax
  - Fax Forward
  - Two-sided Send and Receive
  - Fax up to A3
  - Fax Build Job

Accounting

- Auditron
- Xerox® Standard Accounting (copy, print, fax, scan)
- Enabling Colour access control
- Network Accounting
